SQUARE BARS OF BRONZE

The following is a list of measures of square bars at our warehouse or realizable and available shortly.
The weights given refer to the tin bronzes (specific gravity 8.9). For other alloys please use the calculator weights in this section "services" of the site.
We recall that the weights are to be understood as "theoretical."

Misura

Cusn12 L1		L2	Kg/mt.
20	x	20	3,6
25	x	25	5,6
30	x	30	8,0
35	x	35	10,9
40	x	40	14,2
45	x	45	18,0
50	x	50	22,3
55	x	55	26,9
60	x	60	32,0
